

Tackle Tobacco

NEW AND IMPROVED ADDITIONS TO THE PROGRAM!!

Join SJMHS at the **FREE** office based **QUIT TOBACCO** Training Course for the **Medical OFFICE STAFF**

WHO

RN's, MA's, Physicians, RD's and all other interested clinical professionals are welcome!

WHAT TO EXPECT

- **NEW!** We now offer a useful barrier's assessment tool for your office staff. It helps your practice assess their barriers to assisting your patients to quit tobacco. We email the assessment to you prior to your participation in Tackle Tobacco. You and selected staff from your office complete the assessment prior to your participation in the class. It takes 5 minutes to complete. Results/analysis are shared with you confidentially during the class with recommendations for increasing the effectiveness of your practice.
- You will gain specific skills in order to coach your patients to quit tobacco.
- This course will assist you in achieving compliance with future core measures surrounding tobacco cessation.

WHEN

Initial training: **Wednesday, February 8, 8:00-10:30am**

WHERE

St. Joseph Mercy Hospital Ann Arbor, Women's Health Center Rm. 2
